NEW TRAILER LIMITED WARRANTY

Fontaine® Trailer Company warrants that your new Fontaine Trailer is free from defects in material and workmanship, subject to the following terms and conditions

Basic Coverage Period

This is to certify that Fontaine Trailer Company warrants to the first purchaser only, the described new trailer manufactured by it to be free from defects in materials and workmanship, when properly maintained, and under normal use and service, which means the loading, unloading and transportation of uniformly distributed legal loads of non-corrosive cargo, adequately restrained and secured in a manner which does not subject the trailer to strains or impacts greater than are imposed by normal use. Total weight of trailer and cargo must not exceed the gross vehicle weight rating (GVWR) set forth on the vehicle identification plate affixed to the trailer at the factory, and the loading of each axle must not exceed the gross axle weight rating (GAWR) listed on the same plate.

Fontaine Trailer Company's obligation to the first purchaser under this warranty shall be limited to the repair or replacement, at its option, of any defective part of said trailer, which is the result of defective material and/or defective workmanship of parts furnished and installed by Fontaine Trailer Company. This warranty will expire twelve (12) months from date of delivery, and repairs under this warranty shall be at repair facilities designated by Fontaine Trailer Company. Transportation expenses to the repair facility are to be borne by the Purchaser. Additionally, Fontaine Trailer Company will warrant to the first purchaser the limited repair or replacement, at its option, of any structural portion of said trailer, which is the result of defective material and/or defective workmanship of parts furnished and installed by Fontaine Trailer Company. This warranty will expire sixty (60) months from date of delivery, and repairs under this warranty shall be at repair facilities designated by Fontaine Trailer Company. Transportation expenses to the repair facility are to be borne by the Purchaser.

For trailers manufactured with Fontaine's XtremeBeam™, this is to certify that Fontaine Trailer Company warrants the main beam of the trailer to be free of defects in materials and workmanship for as long as it remains in the possession of first purchaser, that is, for the lifetime of the trailer, when properly maintained, and under normal use and service, which means the loading, unloading and transportation of uniformly distributed legal loads on non-corrosive cargo, adequately restrained and secured in a manner which does not subject the trailer to strains and impacts greater than are imposed by normal use. All other Fontaine Trailer Company warranty conditions outlined above apply.
