

# VERSA**FRAC**TILITY

New Fontaine Frac Chassis handles multiple bin sizes with ease

Another  
**FONTAINE FIRST™**  
INNOVATION

TwistLocks and reinforced bolsters are positioned to handle two 8 ft, one 10 ft or one 12 ft sand bin with ease.

Built stronger to last longer. Steel reinforced mainbeams are made to withstand the rigors of the oil field industry.

Versatile, dependable, durable patent pending design is only available from your local Fontaine dealer.
